

# Volunteer Opportunity: Swan Feeders to join the Feeding Team

*The swans are fed with mixed corn every afternoon, at the boathouse steps on Bromwich Parade. We start at about 3.30, perhaps a little earlier on the darkest days of midwinter.*

The role:

- monitor the swans for problems
- litter pick the steps & clean the feeding area
- feed the swans
- tidy the food store

The whole process takes just over an hour.

Volunteers have an initial training period and are supported going forward.
